# Independent Auditor's Report

To the Town Council Town of Cape Elizabeth, Maine

#### **Report on Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Cape Elizabeth, Maine as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Town of Cape Elizabeth, Maine's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Cape Elizabeth, Maine, as of June 30, 2021, and the respective changes in financial position, thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Change in Accounting Principle

As described in the notes to the financial statements, in 2021, the Town of Cape Elizabeth adopted new accounting guidance, GASBS No. 84, *Fiduciary Activities*. Our opinion is not modified with respect to this matter.

#### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the schedules related to the net pension liability, the total OPEB liabilities, and the net OPEB liabilities, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Cape Elizabeth, Maine's basic financial statements. The combining and individual fund financial statements and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Town Council Page 3

The combining and individual fund financial are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

# Other Reporting Required by Government Auditing Standards

Rungen Kusten Owellette

In accordance with *Government Auditing Standards*, we have also issued our report dated January 28, 2022 on our consideration of the Town of Cape Elizabeth, Maine's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Cape Elizabeth, Maine's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Cape Elizabeth, Maine's internal control over financial reporting and compliance.

January 28, 2022 South Portland, Maine

### Introduction

As the Town Manager of the Town of Cape Elizabeth, I am pleased to provide a Management Discussion and Analysis as part of our annual financial statements. The financial statements contained herein show all of the governmental and fiduciary funds of the Town of Cape Elizabeth.

## **Financial Highlights**

- The total assets for all governmental activities equal \$64,971,111.
- The total net position is \$41,541,838. Net position includes a \$33,947,044 net investment in capital assets, \$3,350,527 in restricted net position and \$4,244,267 in unrestricted net position.
- For the reporting period, the Town had an increase in fund balance for total governmental funds (from statement 4) of \$1,466,346.
- The fund balance for the General Fund increased \$1,120,416.
- The School General Fund balance increased from \$1,541,397 to \$2,519,399 as education costs were lower than anticipated by \$1.3 million.
- The Town General Fund unassigned fund balance decreased from \$4,619,889 to \$4,494,603 due to an increase in carry forward balances.

#### The Statement of Net Position and the Statement of Activities

These statements provide an overview of the government as a whole. All of the current year's revenues are taken into account, regardless of when cash is received.

The Statement of Net Position provides a picture of the difference between assets (including infrastructure) and deferred outflows of resources, and liabilities and deferred inflows of resources. This is called Net Position. The Statement of Activities provides a look at how the net position has changed from the prior year to the current year.

In most years, increases or decreases in net position can show whether the Town is improving or deteriorating. Other factors need to be considered, such as changes in the Town's property tax base and the condition of the roads, to assess the overall health of the Town.

In the Statement of Net Position and the Statement of Activities, only one type of activity is presented:

 Governmental Activities - All of the Town's basic services are reported here, including the General Government, Public Works, Facilities, Public Safety, Human Services, Culture and Parks, Education, Sewer, and Other Services. Property taxes, intergovernmental revenue (primarily revenues from the State of Maine), and user fees finance most of these activities.

#### **Fund Financial Statements**

The *Fund Financial Statements* provide details of the Town's most significant funds, not the Town as a whole. The Town has two kinds of funds – governmental and fiduciary, which use the following accounting methods:

 Governmental Funds - All of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial* assets that can readily be converted to cash.

The governmental fund statements provide a detailed *short-term* view of the Town's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs.

• Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of students. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is on a full-accrual basis. The Fiduciary Statement of Net Position is included in this report as Statement 7.

# **Comparison of Information from Current Year and Prior Year**

#### The Town as a Whole

The following is a condensed version of the Statement of Net Position. The analysis below focuses on the net position of the Town's governmental activities.

#### **Governmental Activities Net Position**

|                                       |               | Restated   |           |

#### **Assets**

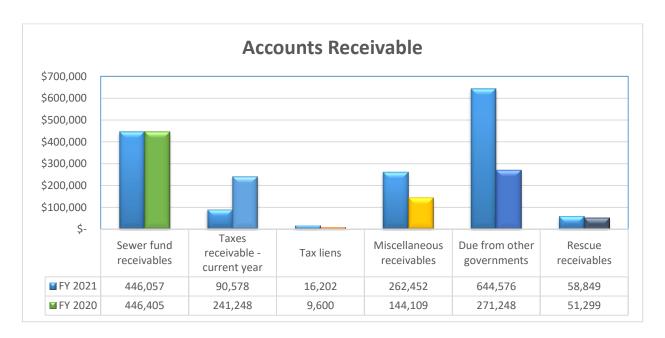

## **Cash and Cash Equivalents**

Cash and cash equivalents increased \$1,928,483, from \$14,603,940 to \$16,532,423. The increase is attributable to the timing of payments on long-term liabilities.

### **Receivables**

The Town continues to have an excellent record of tax receivables, maintaining the collection rate of the levy for the current year at 99.74%. The taxes receivable amount decreased from the prior year due to cooperation from taxpayers. The amount of deferred revenues declined by \$78,600 due to strong collections in the 60 days following year-end. Tax liens increased over the prior year because the tax lien process for the prior year was delayed 60 days by order of the Governor due to the Pandemic State of Emergency. The sewer receivable decreased slightly due to the timing of payments from the Portland Water District. The Town places liens on uncollected sewer fees, so eventually the entire receivable is paid. Miscellaneous and due from other government receivables were up as various amounts due in June were delayed until July as payers had less staff in the offices to process payments.

|                                | FY 2021     | FY 2020     |

# **Governmental Fund Revenues by Major Source**

Property and other taxes amounted to 70.84% of revenue in FY 2021. This compares to 74.24% in FY 2020. Intergovernmental revenues increased \$3,022,861 due to an increase in State revenue sharing, State school subsidy, and grants. Charges for services decreased due to a decrease in revenues from community services programs. Overall, revenues were up \$3,840,297 or 7.8%. This compared to an increase the year before of 5.0%. The total increase in revenue from taxes this past year was \$1,054,784 or 2.9% compared with 3.9% the previous year.

| Human services                | 67,762           | 105,739      | (37,977)    | -35.9%   |
| Education                     | 32,823,527       | 28,727,100   | 4,096,427   | 14.3%    |
| Intergovernmental assessments | 1,566,121        | 1,530,646    | 35,475      | 2.3%     |
| Unclassified                  | 337,809          | 140,318      | 197,491     | 140.7%   |
| School lunch program          | 703,823          | 673,958      | 29,865      | 4.4%     |
| Sewer                         | 1,792,679        | 1,672,221    | 120,458     | 7.2%     |
| Capital outlay                | 2,315,691        | 4,523,673    | (2,207,982) | -48.8%   |
| Non-school debt service       | <br>1,782,185    | 2,959,524    | (1,177,339) | -39.8%   |
| Total expenditures            | \$<br>52,756,541 | 51,789,238   | 967,303     | 1.9%     |
| Excluding capital outlay      | \$<br>50,440,850 | 47,265,565   | 3,175,285   | 6.7%     |

Total expenditures increased by \$967,303 or 1.9%. Education spending increased \$4,096,427 or 14.3%. Spending, excluding capital outlay, increased \$3,175,285 or 6.7% due to increases on general government, public safety, education, and unclassified. For non-school debt service, expenditures declined as older bonds were retired. Capital outlays declined because of the difficulty arranging contractors. The projects were delayed and pushed forward into the next fiscal year.

#### **Transfers**

The School General Fund transferred \$105,500 to the School Lunch Program. The General Fund provided budgeted transfers to the following funds:

Land Acquisition Fund - \$16,457;

Rescue Fund - \$300,000;

Turf Field Fund - \$25,000;

The General Fund received operating transfers from the following funds:

Sewer Fund - \$63,000; Thomas Jordan Fund - \$55,000;

Riverside Cemetery – Perpetual Care \$2,000; Spurwink Church - \$300.

In addition, the General Fund received transfers from the following funds to support capital improvement projects:

Portland Headlight Fund, - \$10,000;

Turf Field Fund - \$274,915

Bond Fund - \$26,052

| Total                                   | 14,540,046   | 13,073,700   | 1,466,346 |          |

The School Board will address School Lunch Program finances as the fund ended the year with a \$488,553 deficit. The School Board budgeted a transfer of \$105,500 in FY 2021. In FY 2022, we anticipate that the remaining balance will be paid. The Sewer User Fund increase is the result of less spending on capital items. In FY 2021, the Rescue Fund receivables were brought into the General Fund. The Rescue squad is now part of the General Fund for revenues and expenditures. The accumulated deficit of \$542,747 will be reduced over 3 years. In FY 2021 and FY 2022, the Town budgeted \$300,000 each year to reduce this deficit. The Portland Head Light and Fort Williams CIP Funds decreased due to COVID closure of the park. The Spurwink Church Fund decreased due to COVID related cancelations and a lack of use. The Tax Increment Financing Fund receives annual transfers from the General Fund related to the property tax amounts received from the Town Center TIF District. The Other Town projects grew due to the town receiving funds from the US DOJ – Asset Forfeiture Program; a local scholarship program for the Fire Department; a donation to the Police Department to support youth programs and activities; and, a bequest for improvements at the Library.

# **Significant Budget Variances**

The annual budget had few significant budget variances this past year. Excise tax collections exceeded the budget because the purchases of new vehicles increased. Building and other permits exceeded the budget because more in-home projects were completed as residents quarantined or worked from home. Recreation programs were suspended or reduced in scope and number due to the pandemic, which caused revenues and expenditures to fall short of the budget. Capital improvement projects underspent the budget by \$1,043,517 and \$954,976 in projects were carried into the next year. During FY 2021, the Town Council adopted an order that appropriations for capital projects and grants would continue until the projects were completed or abandoned. There was a carry forward authorization for \$311,287 of operating budget appropriations.

Other General Fund departments with under expenditures include the General Government, Police and Rescue, Community Services, and several School Department budget categories.

| Revenues:                     | Budgeted     | Actual      | Variance  |
|-------------------------------|--------------|-------------|-----------|
| Excise Taxes                  | \$ 2,116,100 | \$2,557,069 | 440,969   |

## **Capital Improvements**

The Town undertook a number of improvements to capital assets during the year. The Town spent \$636,347 on roadway, drainage, and other infrastructure work that includes \$264,174 for the final phase of the Scott Dyer Road reconstruction project and \$127,850 for construction of a communication tower. The Town spent \$168,565 for a tool carrier, \$11,803 for a rotary mower replacement, and \$165,985 for replacement police radios. The Town also spent \$803,190 for building and grounds improvements that includes \$583,123 for replacement of the turf field at Hannaford Stadium. Additional information on capital assets can be found in the footnotes to the financial statements.

# **Long-term Debt Activity**

In June 2020, the Town refinanced \$1 million of general obligation debt with the issuance of \$800,000. The Town realized a significant savings through this issue, which will mature in 2028. Net bonded debt and notes as of June 30, 2021 stood at \$9,324,032 of which \$993,392 is Sewer Fund debt. This equated to 0.53% of assessed value and to \$978 net debt per capita. The ratio of debt service to general governmental expenditures was 4.63% on June 30, 2021, compared to 7.28% on June 30, 2020. Additional information on long-term debt activity can be found in the footnotes to the financial statements.

#### The Overall Financial Position of the Town

The overall financial condition continued to be healthy in FY 2021. With an improving economy nationally in spite of the appearance of the COVID pandemic, the tax collection rate stayed above 99% of the current levy. The unassigned General Fund balance dipped to \$4.5 million as the Town used \$2.019 million to support the FY 2021 budget. The ratio of bonded debt to assessed value stayed relatively unchanged. In June 2020, the Town refinanced \$1 million of general obligation debt with the issuance of \$800,000. The infrastructure is in good condition with police, fire, public works, library, and community facilities having been built or substantially remodeled since 2000. The most recent school renovation work was at the high school seven years ago, with projected renovation work needed at all three facilities in the near term. The Town created a building committee to evaluate the state of the schools and make recommendations for renovation or replacement of one or more of the facilities. During the next 10 years, 84.9% of all debt is to be retired with 100% of the debt to be retired in the next 16 years.

The Town's median household income was \$123,116, based on the 2015 – 2019 American Community Survey of the U.S. Census Bureau. Property values have continued to show stable appreciation. Unemployment in the Portland MSA was at 4.8% in June 2021, compared to a state unemployment rate of 4.8% and a national rate of 5.9%.

## **Contacting the Town's Financial Management**

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Matthew E. Sturgis, Town Manager at the Town of Cape Elizabeth, 320 Ocean House Rd., Cape Elizabeth, Maine 04107, or by phone at 207-619-6716 or by e-mail at matthew.sturgis@capeelizabeth.org.

# TOWN OF CAPE ELIZABETH, MAINE

# Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2021

| For the Year Ended June 30, 2021  |             |           |
|---|-------------|-----------|
| Net change in fund balances - total governmental funds (from Statement 4)       | \$          | 1,466,346 |
| Amounts reported for governmental activities in the statement of                |             |           |
| activities (Statement 2) are different because:                                 |             |           |
| Governmental funds report capital outlays as expenditures.                      |             |           |
| However, in the statement of activities, the cost of those assets               |             |           |
| is allocated over their estimated useful lives as depreciation expense.         |             |           |
| These are the changes in capital asset-related amounts:                         |             |           |
| Capital outlays   | 3,254,895   |           |
| Capital contributions   | 1,069,050   |           |
| Depreciation  | (2,412,852) |           |
| Book value of disposed assets   | (74,397)    | 1,836,69  |
| Revenues in the statement of activities that do not provide                     |             |           |
| current financial resources are not reported as revenues in                     |             |           |
| the funds. This is the change in unavailable revenues - property taxes.         |             | (78,60    |
| Some expenses reported in the statement of activities do not require            |             |           |
| the use of current financial resources and therefore, are not                   |             |           |
| reported as expenditures in the governmental funds.                             |             |           |
| These are the changes in the other liability-related amounts:                   |             |           |
| Accrued interest  | 13,395      |           |
| Accrued compensated absences  | 133,533     |           |
| Net pension liability, including related deferred inflows and outflows          | (143,807)   |           |
| OPEB liability, including related deferred inflows and outflows                 | 280,255     | 283,37    |
| The issuance of long-term debt (e.g. bonds) provides current financial          |             |           |
| resources to governmental funds, while the repayment of principal of            |             |           |
| long-term debt consumes the current financial resources of governmental         |             |           |
| funds. Neither transaction however, has any effect on net position. Also,       |             |           |
| governmental funds report the effect of premiums, discounts                     |             |           |
| and similar items when debt is first issued, whereas these amounts are deferred |             |           |
| and amortized in the statement of activities. These are the changes in          |             |           |
| long-term debt and related amounts:   |             |           |
| Amounts held in escrow  | 310,499     |           |
| Proceeds from notes payable   | (273,300)   |           |
| Principal payments on bonds and notes   | 1,522,818   |           |
| Amortization of premium on bonds  | 60,791      | 1,620,80  |
| Financed purchase proceeds provide current financial resources to               |             |           |
| governmental funds, but issuing debt increases long-term                        |             |           |
| liabilities in the statement of net position. Repayment of financed purchase    |             |           |
| principal is an expenditure in the governmental funds, but the                  |             |           |
| repayment reduces long-term liabilities in the statement of net position.       |             |           |
| These are the changes in financed purchases and related amounts:                |             |           |
| Proceeds from financed purchase issuances                                       | (1,291,829) |           |
| Principal payments on financed purchase agreements                              | 902,888     | (388,94   |

See accompanying notes to basic financial statements.

#### SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Cape Elizabeth, Maine was incorporated in 1765 and operates under a Council-Manager form of government, adopted by charter in 1967. Cape Elizabeth is located approximately five miles southeast of Portland along the southern Maine coast. The Council is comprised of seven members elected at-large for staggered three-year terms.

The accounting policies of the Town of Cape Elizabeth conform to accounting principles generally accepted in the United States of America as applicable to government entities. The following is a summary of the more significant of such policies:

# A. Reporting Entity

This report includes all funds of the Town. An analysis of certain criteria was made to determine if other governmental units should be included in this report. In evaluating how to define the reporting entity, for financial reporting purposes, management has considered all potential component units. The criterion used defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. Application of this criterion and determination of type of presentation involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government.

**Blended component unit.** The Museum at the Portland Head Light is a nonprofit 501 (c)(3), which is governed by a board of directors made up of Town Councilors. In addition, the management of the Town is responsible for the operations of the Museum and the Museum is treated as a department of the Town. The Museum is reported as a special revenue fund and does not issue separate financial statements.

## B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The Town has elected not to allocate indirect costs among programs, functions, and segments. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

Major individual governmental funds are reported as separate columns in the fund financial statements.

# SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

## C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period for property taxes and one year for all others. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as certain compensated absences and claims and judgments, are recorded only when the payment is due.

Those revenues susceptible to accrual are property taxes, interest, and charges for services. Other receipts and taxes become measurable and available when cash is received by the Town and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The Town reports the following major governmental fund:

**The General Fund** is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**The Sewer Fund** accounts for monies received from sewer user fees, connection fees, and contributions from the General Fund pursuant to the Town sewer ordinance. The fund also accounts for all sewer related expenditures.

**The Rescue Fund** formerly accounted for revenues from rescue billings and expenditures related to the ambulance service. The revenues and expenditures are now accounted for in the General Fund. The remaining balance in the Rescue Fund is the residual fund deficit, which is being liquidated by transfers from the General Fund.

Additionally, the Town reports the following fund type:

**Fiduciary funds** account for assets held by the Town in a trustee capacity or as an agent on behalf of others. The Town's fiduciary funds include the following fund types:

**Private-purpose trust funds** are used to account for resources legally held in trust for the benefit of others.

# SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are special revenue funds overhead reimbursements and charges between the Town's sewer fund and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed.

#### D. Assets, Liabilities, Deferred Inflows and Outflows of Resources, and Equity

**Cash and Investments** - Cash and cash equivalents are considered to be cash on hand, demand deposits and time deposits. Investments are stated at fair value.

**Interfund Loans Receivable/Payable** - Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as interfund loans or as interfund advances (i.e., the noncurrent portion of interfund loans).

**Inventory** - Inventory in the Portland Head Light Fund and the School Lunch Program consists of gift shop merchandise, food, and supplies and is valued at the lower of cost (first-in, first-out basis) or market, and is offset with a non-spendable fund balance for inventories. Inventories of the School Lunch Program include the value of the U. S. Department of Agriculture commodities donated to the program.

Capital Assets - Capital assets, which include property, plant, equipment, and infrastructure (e.g., roads, bridges, sidewalks, etc.), are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the Town as assets with an estimated useful life in excess of one year. Assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition cost at the date of donation. The following are the Town's thresholds for capitalization of assets:

| Land and improvements        | \$ 25,000 |
|------------------------------|-----------|
| Buildings and improvements   | 50,000    |
| Furniture/equipment/vehicles | 5,000     |
| Infrastructure               | 150,000   |

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the government are depreciated using the straight-line method over the assets' estimated useful lives ranging from three to 60 years.

# SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Deferred Inflows and Outflows of Resources - In addition to assets and liabilities, the statement of net position and balance sheet will sometimes report separate sections for deferred outflows of resources and deferred inflows of resources. These separate financial statement elements, deferred outflows of resources and deferred inflows of resources, represent a consumption or acquisition of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) or inflow of resources (revenue) until that time. The governmental funds only report a deferred inflow of resources, unavailable revenue from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The governmental activities have deferred outflows and inflows that relate to the net pension and OPEB liabilities, which include the Town's contributions subsequent to the measurement date, which are recognized as reductions of the net pension and OPEB liabilities in the subsequent year. They also include changes in assumptions, differences between expected and actual experience, and changes in proportion and differences between Town contributions and proportionate share of contributions, which are deferred and amortized over the average expected remaining service lives of active and inactive members in the plan. They also include the net difference between projected and actual earnings on pension plan investments, which is deferred and amortized over a five-year period.

**Compensated Absences** - Under the terms of personnel policies and union contracts, vacation and sick leave are granted in varying amounts according to length of service. All vacation and sick time is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

**Long-term Obligations** - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Maine Public Employees Retirement System Consolidated Plan for Participating Local Districts (PLD Plan), Maine Public Employees Retirement System Participating Local District (Withdrawn PLD) Plan, and Maine Public Employees Retirement System State Employee and Teacher Plan (SET Plan), and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Other postemployment benefits (OPEB) - For purposes of measuring the OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the plan and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Fund Equity** - Governmental Fund fund balance is reported in five classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which those funds can be spent.

The five classifications of fund balance for the Governmental Funds are as follows:

- Nonspendable resources which cannot be spent because they are either a) not in spendable form or; b) legally or contractually required to be maintained intact.
- Restricted resources with constraints placed on the use of resources which are either a) externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or; b) imposed by law through constitutional provisions or enabling legislation.
- Committed resources that are subject to limitations the government imposes on itself at its highest level of decision-making authority, and that remain binding unless removed in the same manner.
- Assigned resources that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed.
- Unassigned resources that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount.

The Town Council has the responsibility for committing fund balance amounts by vote and likewise would be required to modify or rescind those commitments by a similar vote. For assigned fund balance amounts, the Town Manager has the authority to assign unspent budgeted amounts to specific purposes in the General Fund at year-end. The Town Council approves the assigned amounts either before or after year-end.

Currently, the Town has a fund balance policy under which the Town will seek to have an unassigned General Fund fund balance of 12.50% of annual General Fund operating revenues. If the unassigned municipal (excluding schools) fund balance target is exceeded, excess fund balance between 100%-115% of the target shall be used to reduce the tax commitment in the next budget.

Any amount over 115% of the target may be committed or assigned for any capital need or unanticipated expenditures or may be placed in an assigned fund for future property tax relief. In addition, in those years in which the General Fund fund balance is less than the targeted percentage, the balance may not be used to support the annual budget or for capital needs if unassigned fund balance as a percentage of operating revenues would be lower than prior year's unassigned fund balance as a percentage of the prior year's operating revenues.

Should there be multiple sources of funding available for a particular purpose, it is the Town's policy to expend currently budgeted resources first, and then use other sources in the order of restricted, then committed, then assigned amounts.

# SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

**Interfund Transactions** - Quasi-external transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses in the reimbursing fund as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

**Use of Estimates** - Preparation of the Town's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent items at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

**Comparative Data/Reclassifications** - Comparative data for the prior year has been presented only for certain funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

**Net Position** - Net position represents the difference between assets, deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds and financed purchases payable and adding back any unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Town's net investment in capital assets was calculated as follows at June 30, 2021:

| Capital assets               | \$ 87,442,397 |
|------------------------------|---------------|
| Accumulated depreciation     | (41,962,598)  |
| General obligation bonds     | (7,545,000)   |
| Premium on bonds             | (525,581)     |
| Notes from direct borrowings | (1,779,032)   |
| Financed purchases           | (1,993,641)   |
| Unspent debt proceeds        | 310,499       |
|                              |               |

Net investment in capital assets \$ 33,947,044

# STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

# A. Budgets

Budgets are adopted for the General Fund and several of the special revenue funds, and are adopted on a basis consistent with generally accepted accounting principles (GAAP), except for encumbrances and Maine Public Employees Retirement on-behalf payments. Maine Public Employees Retirement contributions are made by the State of Maine on behalf of the Cape Elizabeth School Department. These amounts have not been budgeted in the General Fund and result in a difference in reporting on a budgetary basis of accounting versus reporting under accounting principles generally accepted in the United States of America of \$2,727,942 These amounts have been included as intergovernmental revenue and education expenditures in the General Fund on Statement 4 (GAAP basis) and on the statement of activities. There is no effect on the fund balance or net position at the end of the year.

# STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY, CONTINUED

Each year, the Town Manager submits to the Town Council a budget for the ensuing fiscal year and an accompanying message. The Manager's message explains the budget both in fiscal terms and in terms of the work programs. It outlines the proposed financial policies of the Town for the coming fiscal year, describes the important features of the budget, indicates any major changes from the current year in financial policies, expenditures, and revenues, together with the reasons for such changes, summarizes the Town's debt position, and includes such other material as the Manager deems desirable. It also describes the tax impact of the proposed budget.

The School Department prepares a budget based on the 11 budget categories required by the Maine Department of Education. Hearings are held to obtain public comments on the Town's budget. The budget is legally enacted by a council order for the Town' and the total School appropriation is passed and the Council sends the School Department budget to a referendum vote. At the referendum, the budget is passed either in part or in whole; and those parts that do not pass are resubmitted to public vote. Once all categories of the School Department budget pass the public vote, it is adopted by School Board vote and incorporated in the Town's budget. Hearings are held to obtain public comments on the Town's budget. The budget is legally enacted by a council order for the total Town and the total School appropriation.

In addition, separate orders are adopted for the Sewer User Fund, Portland Head Light Fund, Spurwink Church Fund, Riverside Perpetual Care, Rescue Fund, and the Thomas Jordan Fund. The level of control (level at which expenditures may not exceed budget) is the Department. Once adopted, only the Town Council can amend the budget.

At the end of the fiscal year, every General Fund appropriation that has not been expended or encumbered will lapse, except for appropriations for capital expenditures, which do not lapse until the purposes for which they were appropriated have been accomplished or abandoned.

### B. Excess of Expenditures over Appropriations

For the year ended June 30, 2021, expenditures exceeded appropriations in the following departments:

| Animal control              | \$ 998 |
|-----------------------------|--------|
| Fire department             | 5,799  |
| Town hall maintenance       | 1,541  |
| Town center fire station    | 594    |
| Police department equipment | 95,586 |

### C. Deficit Fund Balances

At June 30, 2021 the following fund had a deficit fund balance:

| К | lescue Fund                       | \$ 542,747 |                 |       |
|---|-----------------------------------|------------|-----------------|-------|
| Ν | Ionmajor Special Revenue Funds:   |            |                 |       |
|   | School Lunch Program              | 488,553    | Spurwink Church | 270   |
|   | School Grants and Other Programs: |            |                 |       |
|   | Local Entitlement                 | 7,624      | MLTI grant      | 5,640 |
|   | Preschool grant                   | 13         | C. E. E. F.     | 1,452 |
|   | ESSER #3                          | 35,683     |                 |       |
|   |                                   |            |                 |       |

# STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY, CONTINUED

Nonmajor Capital Project Funds:

School projects \$ 21,418

These fund deficits will be covered by future revenue sources or transfers from the General Fund.

#### **DEPOSITS AND INVESTMENTS**

### A. Deposits

Custodial Credit Risk-Town Deposits: Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does have a deposit policy for custodial credit risk that requires that the FDIC insure the deposit of funds in institutions. Any funds deposited above the \$250,000 insurance limit must be collateralized by the financial institution, or the excess funds be placed with other financial institutions. As of June 30, 2021, the Town reported deposits of \$16,629,599 with a bank balance of \$17,020,617. None of the Town's bank balances were exposed to custodial credit risk as they were covered by FDIC or an irrevocable letter of credit from the Federal Home Loan Bank provided to the Town by the respective banking institutions.

Deposits have been reported as follows:

| Reported in governn   | nental funds | \$ 16,532,423 |
|-----------------------|--------------|---------------|
| Reported in fiduciary | y funds      | 97,176        |

<u>Total deposits</u> \$ 16,629,599

## **B.** Investments

*Interest Rate Risk:* The Town, in accordance with its investment policy, strives to maximize its return on investments while avoiding assuming unreasonable investment risks.

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Town has the following recurring fair value measurements as of June 30, 2021:

Mutual funds of \$954,631 are valued using quoted prices (Level 1 input). In addition, mutual funds are not considered securities and therefore, are exempt from credit risk disclosures.

#### **PROPERTY TAXES**

Property taxes for the current year were committed on August 7, 2020 on the assessed value listed as of the prior April 1 for all real and personal property located in the Town. Assessed values are periodically established by the Town's Assessor at 80% of assumed market value.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$216,478 for the year ended June 30, 2021.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if the tax liens and associated costs remained unpaid. For taxes assessed during FY 2020, Governor Mills ordered that the time for filing tax liens be extended by 60 days due to the COVID pandemic state emergency. Tax liens for such unpaid taxes were filed in October 2020. This was a one-time extension that was not repeated in FY 2021.

Property taxes levied during the year were recorded as receivables at the time the levy was made. The receivables collected during the year and in the first sixty days following the end of the fiscal year have been recorded as revenues. The remaining receivables have been recorded as unavailable revenues – property taxes.

The following summarizes the 2021 and 2020 tax levy:

|                                     | <u>2021</u>      | <u>2020</u>           |
|-------------------------------------|------------------|-----------------------|

| Total nonmajor capital project funds | 953,291            | 21,418          | (254,998)        |
| Total                                | \$ 3,131,730       | 3,131,730       |                  |

With the exception of certain trust funds, all cash of the Town is co-mingled in centralized cash accounts maintained within the General Fund, the practice of which results in the interfund balances listed above.

The transfers were budgeted transfers to fund certain activities.

# STATUTORY DEBT LIMIT

In accordance with Maine law, no municipality shall incur debt for specified purposes in excess of certain percentages of state valuation of such municipality. At June 30, 2021, the Town complied with these limitations.

# **CHANGES IN LONG-TERM LIABILITIES**

Long-term liability activity for the year ended June 30, 2021 was as follows:

| 2027-2031 | 1,990,000        | 398,925         | 94,500           | 178             |
| 2032-2036 | 1,430,000        | 123,886         | -                | -               |
| 2037      | 70,000           | 1,227           | -                |                 |
| Totals    | \$ 7,545,000     | 1,492,238       | 1,779,032        | 82,159          |

The State of Maine currently reimburses the Town for a portion of financing costs of school building and school bus purchases. Continuation of such reimbursements is dependent upon continued appropriations by the State Legislature.

In prior years, the Town defeased school renovation bonds by placing the proceeds of the new bonds in an irrevocable trust account to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the government's financial statements. At June 30, 2021, \$1,470,000 of defeased bonds remain outstanding.

#### FINANCED PURCHASES (LEASES)

The Town has entered into several agreements for financing the purchases of computers, technology equipment, public works and public safety vehicles and equipment, boilers and school buses. The agreements contain fiscal funding clauses that permit the Town to terminate the agreements on an annual basis if funds are not appropriated. These agreements have been recorded in the Town's statement of net position at the present value of the future minimum payments as of the date of their inception.

The following is a summary of equipment included in financed purchase agreements as of June 30, 2021:

| \$ 580,000 |
|------------|
| 196,821    |
| 342,602    |
| 2,760,000  |
|            |

The computer and technology equipment were not capitalized as they are below the Town's capitalization threshold.

#### FINANCED PURCHASES (LEASES), CONTINUED

The following is a schedule of the future minimum payments under the financed purchase agreements, and the present value of the net minimum payments at June 30, 2021:

#### Fiscal year ending

| payments                           | \$ 1,993,64 <u>1</u> |

| <u>June 30,</u>                    |                      |

#### OVERLAPPING DEBT AND OTHER CONTINGENCIES

#### **Overlapping Debt**

**Cumberland County** - The Town is subject to an annual assessment of its proportional share of Cumberland County expenses, including debt repayment, as determined by the percentage of the Town's state valuation to the County's state valuation. At June 30, 2021, the Town's share is \$1,524,568 (4.57%) of Cumberland County's outstanding debt of \$33,370,194.

**Portland Water District** - The Town is served by the Wastewater Division of the Portland Water District (PWD), a wholly separate quasi-municipal entity whose operations are not part of the Town, for treatment of its wastewater. The Town owns and maintains the collector sewer lines and is responsible for the cost of their maintenance, improvements, and expansion. The PWD owns and operates a sewer interceptor system, all pumping stations within the Town and a treatment plant in the Town for sewage delivered to the plant by the Town, for which the Town pays a monthly fee.

The Town is responsible for the entire debt service required to finance the PWD's treatment plant at the Spurwink Avenue Treatment Plant (Wastewater Fund Debt). All Town users of the wastewater system pay monthly fees, based upon water volume, to support expenditures from the Sewer Fund, which are paid for these services. At June 30, 2021, the Town was responsible for \$3,784,200 of its portion of PWD's Wastewater Fund Debt (or 10.00% of PWD's \$37,839,787- total Wastewater Fund Debt).

#### Other Contingencies

Portland Water District Debt - The Water Division of the PWD also provides water to the inhabitants of ten cities and towns within the Greater Portland Area (PWD Municipalities), including the Town. The Water Division's debt is not a debt or obligation of the Town. However, under Title 35-A, Section 6103 of the Maine Revised Statutes, as amended (Act), and pursuant to an agreement with nine of the ten PWD municipalities, the exception being the Town of Standish (Section 6103 Members), in compliance with subsection 6 of the Act, the PWD possesses authority for taxation in the event of default in the payment of the indebtedness of the PWD incurred for water purposes (Water Fund Debt).

In the event of a default by PWD in the payment of the principal of, in interest on, its Water Fund Debt, the Trustees of the PWD have the authority to issue a warrant for payment of amounts necessary to cure the default to the assessors in each section 6103 Member municipality within the PWD, including the Town.

#### OVERLAPPING DEBT AND OTHER CONTINGENCIES, CONTINUED

Such assessment is allocated pro-rata, to each Section 6103 Member municipality based upon 100% of its respective equalized State Valuation. On this basis, at June 30, 2021, the Town was contingently responsible for approximately 6.77%, or \$3,707,165, of the PWD's \$54,758,718 Water Fund Debt.

**ecomaine** - ecomaine is a solid waste management corporation serving 40 municipalities in Cumberland, Oxford, and York counties in Maine. Owned and controlled by 21 member communities, ecomaine creates electricity through its processing of waste and operates an extensive recycling program.

The Town is a member community in ecomaine. Interlocal (waste handling) agreements between ecomaine and participating communities obligate the members to deliver certain solid waste produced within the community to ecomaine for processing and to make service payments and pay tipping fees for such processing. The Town has no explicit, measurable equity interest and therefore; has not reported an asset in these financial statements in connection with its participation in ecomaine.

Selected balance sheet information for ecomaine for the year ended June 30, 2021 based on the most recent information available, includes total assets of \$70,308,100, total liabilities of \$21,406,572 and unrestricted net position of \$18,438,342. The liabilities include an accrual for landfill closure and post closure care amounting to \$15,619,054. ecomaine has a plan to fund this liability in the form of a cash reserve over the period of years between 2011 and a projected closing date. The separate audited financial statements of ecomaine may be obtained from the Town's finance office.

#### POSTCLOSURE CARE COSTS

Under existing state law, Maine communities have to close existing landfills under a state approved plan and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. The Town closed its existing landfill during 1998 and the transfer station was modified to handle and transport future materials. The Town has estimated that there will be no significant post closure care costs.

#### **RISK MANAGEMENT**

The Town is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions, and natural disasters for which the Town carries commercial insurance, either participates in a public entity risk pool, or is effectively self-insured. Currently, the Town participates in a public entity and self-insured risk pool sponsored by the Maine Municipal Association. In addition, the School Department participates in a public entity risk pool, which is sponsored by the Maine School Management Association (MSMA).

Based on the coverage provided by the pools described above, as well as coverage provided by commercial insurance purchased, the Town is not aware of any material actual or potential claim liabilities, which should be recorded at June 30, 2021.

#### **FUND BALANCES**

At June 30, 2021, portions of the Governmental Funds fund balances were unassigned, assigned, committed or restricted for future periods or classified as nonspendable for specific amounts as follows:

|                                   | General      | Sewer       | Rescue      | Other Governmenta |
|-----------------------------------|--------------|-------------|-------------|-------------------|
|                                   | <u>Fund</u>  | <u>Fund</u> | <u>Fund</u> | <u>Funds</u>      |
| Nonspendable:                     |              |             |             |                   |
| Prepaid expenditures              | \$ 62,909    | -           | -           | -                 |
| Inventory                         | -            | -           | -           | 87,008            |
| Total nonspendable                | 62,909       | -           | -           | 87,008            |

#### TAX INCREMENT FINANCING DISTRICT

Under Maine law, the Town has established a Tax Increment Financing District (TIF) to finance improvements within the Town of Cape Elizabeth. The District specifically encompasses the Town center and surrounding areas. The purpose of the District is to fund certain improvements to the Town center, including improved sidewalk connections, a study and plan for storm water improvements, open space, improved visual appeal, and infrastructure improvements. TIF improvements are to be funded through a combination of funds previously set aside for infrastructure improvements, grants, and the incremental value multiplied by the tax rate.

The incremental value is defined as the increase of the current valuation over the original assessed value. For the year ended June 30, 2021, taxes raised were \$85,278 and there were no TIF related expenditures.

|                | Original      | Current      |              |            |

| TIF District I | \$ 11,225,200 | 15,506,200   | 4,281,000    | 85,278     |

#### NET PENSION LIABILITY- CONSOLIDATED PLANS

#### General Information about the Pension Plans

Plan Descriptions - The Town's police officers and sergeants are provided a pension through the Maine Public Employees Retirement System Consolidated Plan for Participating Local Districts (PLD Plan). In addition, teaching-certified employees of the Town are provided with pensions through the Maine Public Employees Retirement System State Employee and Teacher Plan (SET Plan). Both plans are cost-sharing multiple-employer defined benefit pension plans, administered by the Maine Public Employees Retirement System (MPERS).

New employees not eligible to participate in the Maine Public Employees Retirement System participate in the Town's ICMA Plan.

Benefits Provided - The PLD and SET Plans provide defined retirement benefits based on members' average final compensation and service credit earned as of retirement. Vesting (i.e. eligibility for benefits upon reaching qualification) occurs upon the earning of five years of service credit. In some cases, vesting occurs on the earning of one year of service credit immediately preceding retirement at or after normal retirement age. For PLD members, normal retirement age is 60 (65 for new members to the PLD Plan on or after July 1, 2014). For SET members, normal retirement age is 60, 62, or 65. The normal retirement age is determined by whether a member had met certain creditable service requirements on specific dates, as established by statute. The monthly benefit of members who retire before normal retirement age by virtue of having at least 25 years of service credit is reduced by a statutorily prescribed factor for each year of age that a member is below her/his normal retirement age at retirement. MPERS also provides disability and death benefits, which are established by contract under applicable statutory provisions (PLD Plan) or by statute (SET Plan).

**Contributions** - Employee contribution rates are defined by law or Board rule and depend on the terms of the plan under which an employee is covered. Employer contributions are determined by actuarial valuations. The contractually required contribution rates are actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

#### NET PENSION LIABILITY- CONSOLIDATED PLANS, CONTINUED

**Consolidated PLD Plan** - Employees are required to contribute 8.10% of their annual pay. The Town's contractually required contribution rate for the year ended June 30, 2021 was 10.80% of annual pay for the Special Plan 2-C. Contributions to the pension plan from the Town were \$108,151 for the year ended June 30, 2021.

**SET Plan** - Maine statute requires the State to contribute a portion of the Town's contractually required contributions. Employees are required to contribute 7.65% of their annual pay. The Town's contractually required contribution rate for the year ended June 30, 2021, was 18.49% of annual payroll of which 4.16% of payroll was required from the Town and 14.33% was required from the State. Contributions to the pension plan from the Town were \$628,521 for the year ended June 30, 2021.

# Pension Liabilities, Pension Expense, and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

The net pension liabilities were measured as of June 30, 2020, and the total pension liabilities used to calculate the net pension liabilities were determined by actuarial valuations as of that date. The Town's proportion of the net pension liabilities for the consolidated PLD and SET plans were based on projections of the Town's long-term share of contributions to the pension plans relative to the projected contributions of all participating local districts (PLD Plan) and of all participating School Administrative Units and the State (SET Plan), actuarially determined.

**Consolidated PLD Plan** - At June 30, 2021, the Town reported a liability of \$626,169 for its proportionate share of the net pension liability. At June 30, 2020, the Town's proportion of the PLD Plan was 0.1576%.

**SET Plan** - At June 30, 2021, the Town reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the Town. The amount recognized by the Town as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the Town were as follows:

| Total  | \$ 1 | 8.010.853        |  |
|--|------|------------------|--|
| associated with the Town                                 | 1    | <u>7,757,054</u> |  |
| State's proportionate share of the net pension liability |      |                  |  |
| Town's proportionate share of the net pension liability  | \$   | 253,799          |  |

At June 30, 2020, the Town's proportion of the SET Plan was 0.0155%.

For the year ended June 30, 2021, the Town recognized pension expense of \$140,360 for the Consolidated PLD Plan, and also pension expense of \$2,770,702 for the SET Plan and revenue of \$2,165,034 for support provided by the State for the SET Plan.

#### NET PENSION LIABILITY – CONSOLIDATED PLANS, CONTINUED

At June 30, 2021, the Town reported deferred outflows of resources and deferred inflows of resources related to the Consolidated PLD and SET pension plans from the following sources:

|  | PLD          | <u>Plan</u>  | SET I        | <u>Plan</u>  |
|--|--------------|--------------|--------------|--------------|
|  | Deferred     | Deferred     | Deferred     | Deferred     |
|  | Outflows     | Inflows      | Outflows     | Inflows      |
|  | of Resources | of Resources | of Resources | of Resources |
| Differences between expected and         |              |              |              |              |
| actual experience                        | \$ 30,690    | -            | 2,741        | -            |
| Changes of assumptions                   | -            | -            | -            | -            |
| Net difference between projected         |              |              |              |              |
| and actual earnings on pension           |              |              |              |              |
| plan investments                         | 40,746       | -            | 10,521       | -            |
| Changes in proportion and differences    |              |              |              |              |
| between Town contributions               | -            | 10,186       | -            | 6,895        |
| and proportionate share of contributions | i            |              |              |              |
| Town contributions subsequent to the     |              |              |              |              |
| measurement date                         | 108,151      | -            | 628,521      | -            |
| <u>Total</u>                             | \$ 179,587   | 10,186       | 641,783      | 6,895        |

The amounts of \$108,151 and \$628,521 are reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liabilities in the year ended June 30, 2022.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: | <u>PLD Plan</u> | <u>SET Plan</u> |
|---------------------|-----------------|-----------------|
| 2022                | \$(25,989)      | (5,326)         |
| 2023                | 17,944          | (6,892)         |
| 2024                | 34,609          | 9,341           |
| 2025                | 34,686          | 9,244           |

**Actuarial Assumptions** - The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

|   | Consolidated  |              |
|---|---------------|--------------|
|   | PLD Plan      | SET Plan     |
| Inflation   | 2.75%         | 2.75%        |
| Salary increases, per year                        | 2.75% + merit | 2.75 + merit |
| Investment return, per annum, compounded annually | 6.75%         | 6.75%        |
| Cost of living benefit increases, per annum       | 1.91%         | 2.20%        |

Mortality rates were based on the RP2014 Total Dataset Healthy Annuitant Mortality Table for males and females.

#### NET PENSION LIABILITY - CONSOLIDATED PLANS, CONTINUED

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period June 30, 2012 through June 30, 2015.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2020 are summarized in the following table:

| Asset Class        | Target Allocation | Long-term Expected<br>Real Rate of Return |
|--------------------|-------------------|---|
| Public Equities    | 30.0%             | 6.0%                                      |
| US government      | 7.5%              | 2.3%                                      |
| Private equity     | 15.0%             | 7.6%                                      |
| Real assets:       |                   |   |
| Real estate        | 10.0%             | 5.2%                                      |
| Infrastructure     | 10.0%             | 5.3%                                      |
| Natural resources  | 5.0%              | 5.0%                                      |
| Traditional credit | 7.5%              | 3.0%                                      |
| Alternative credit | 5.0%              | 7.2%                                      |
| Diversifiers       | 10.0%             | 5.9%                                      |

Discount Rate - The discount rate used to measure the total pension liability was 6.75% for the Consolidated PLD Plan and the SET Plan. The projection of cash flows used to determine the discount rates assumed that employee contributions will be made at the current contribution rate and that contributions from participating local districts will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liabilities.

Sensitivity of the Town's proportionate Share of the Net Pension Liabilities to Changes in the Discount Rate - The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 6.75% for the PLD Plan and the SET Plan, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1 percentage-point higher (7.75%) than the current rate:

| Consolidated PLD Plan         | 1%             | Current        | 1%             |
|-------------------------------|----------------|----------------|----------------|
|                               | Decrease       | Discount Rate  | Increase       |
|                               | <u>(5.75%)</u> | <u>(6.75%)</u> | <u>(7.75%)</u> |
| Town's proportionate share of |                |                |                |
| the net pension liability     | \$ 1,315,955   | 626,169        | 61,529         |

#### NET PENSION LIABILITY - CONSOLIDATED PLANS, CONTINUED

| SET Plan                      | 1%             | Current        | 1%             |
|-------------------------------|----------------|----------------|----------------|
|                               | Decrease       | Discount Rate  | Increase       |
|                               | <u>(5.75%)</u> | <u>(6.75%)</u> | <u>(7.75%)</u> |
| Town's proportionate share of |                |                |                |
| the net pension liability     | \$ 440,162     | 253,799        | 98,469         |

**Pension Plan Fiduciary Net Position** - Detailed information about the Consolidated PLD and SET pension plans' fiduciary net position is available in the separately issued MPERS financial report.

Payables to the Pension Plan - None as of June 30, 2021.

NET PENSION LIABILITY - WITHDRAWN PLD

#### General Information about the Pension Plan

**Plan Description** - all Town employees who were previously in the Town's District Group (prior to the Town opting out of the Maine Public Employees Retirement System) are eligible to participate in the system as part of a withdrawn Participating Local District, a single employer agent defined benefit pension plan. Benefit terms are established in Maine statute. MEPERS issues a publicly available financial report that can be obtained at <a href="https://www.mainepers.org">www.mainepers.org</a> for the PLD and SET plans.

Benefits Provided - The withdrawn PLD Plan provides defined retirement benefits based on members' average final compensation and service credit earned as of retirement. Vesting (i.e., eligibility for benefits upon reaching qualification) occurs upon the earning of five years of service credit. In some cases, vesting occurs on the earning of one year of service credit immediately preceding retirement at or after normal retirement age. Employees are eligible for normal retirement upon attaining age 60 with ten or more years of service or after completing 25 or more years of creditable service prior to age 60. The monthly benefit of members who retire before normal retirement age by virtue of having at least 25 years of service credit is reduced by a statutorily prescribed factor for each year of age that a member is below her/his normal retirement age at retirement.

At June 30, 2021, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | -         |
|--|-----------|
| Retired employees  | <u>35</u> |
|  |           |
| Total employees  | 35        |

This plan is not available to any non-participating current employees or new hires. Vested participants are entitled to a retirement benefit equal to a fraction (2%) of the average final compensation multiplied by the years of membership service (discounted for early retirement).

**Contributions** - Employee contribution rates are defined by law or Board rule and depend on the terms of the plan under which an employee is covered. Employer contributions are determined by actuarial valuations. The contractually required contribution rates are actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

#### NET PENSION LIABILITY - WITHDRAWN PLD, CONTINUED

**Withdrawn Plan** - Employees are required to contribute 6.50% of their annual pay. The Town's contractually required contribution rate for the year ended June 30, 2021 was 0% of annual pay for the Withdrawn PLD. The amounts paid include "catch up" amounts to fully fund the IUUAL. Contributions to the pension plan from the Town were \$67,920 for the year ended June 30, 2021.

#### Pension Liability, Pension Expense, and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by actuarial valuations as of that date.

Changes in the Withdrawn PLD net pension liability are as follows:

|  | <u> </u>         | ncrease (Decrease | <u>e)</u>        |
|--|------------------|-------------------|------------------|
|  | Total            | Plan              | Net              |
|  | Pension          | Fiduciary         | Pension          |
|  | <u>Liability</u> | Net Position      | <u>Liability</u> |
| Balance at June 30, 2020                           | \$ 5,133,906     | 4,727,121         | 406,785          |
| Changes for the year:                              | , -,,            | ,                 |                  |
| Service cost                                       | -                | -                 | -                |

| Change in benefit terms                            | -                | -                 | -                |
| Differences between expected and actual experience | 148,241          | -                 | 148,241          |
| Changes in assumptions                             | -                | -                 | -                |
| Contributions – employer                           | -                | 71,184            | (71,184)         |
| Contributions – employee                           | -                | -                 | -                |
| Net investment income                              | -                | 129,115           | (129,115)        |
| Benefit payments, including refunds of employee    |                  |                   |                  |
| contributions                                      | (579,720)        | (579,720)         | -                |
| Administrative expense                             | -                | (4,457)           | 4,457            |
| Net changes  | (104,186)        | (383,878)         | 279,692          |
| Balance at June 30, 2021                           | \$ 5,029,720     | 4,343,243         | 686,477          |

For the year ended June 30, 2021, the Town recognized pension expense of \$202,371 for the withdrawn PLD.

At June 30, 2021, the Town reported deferred outflows of resources and deferred inflows of resources related to the withdrawn PLD pension from the following sources:

|  | Deferred Outflows of Resources | Deferred Inflows of Resources |
|--|--------------------------------|-------------------------------|
| Net difference between projected and actual earnings on pension plan investments  Town contributions subsequent to the | \$ 33,327                      | -                             |
| measurement date   | 67,920                         | <u>-</u>                      |
| Total  | \$ 101,247                     |                               |

#### NET PENSION LIABILITY - WITHDRAWN PLD, CONTINUED

An amount of \$67,920 is reported as deferred outflows of resources related to pension resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

#### Year ended June 30:

| 2022 | \$ (8,332) |
|------|------------|
| 2023 | (8,332)    |
| 2024 | (8,332)    |
| 2025 | (8,331)    |

**Actuarial Assumptions** - The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation   | 2.75% |
|---|-------|
| Salary increases, per year                        | 2.75% |
| Investment return, per annum, compounded annually | 6.75% |
| Cost of living benefit increases, per annum       | 2.20% |

Mortality rates were based on the RP-2014 total data set mortality projected using the RPEC 2015 model with ultimate rate of 0.85% at 2020.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period June 30, 2010 through June 30, 2015, performed in 2016.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

#### NET PENSION LIABILITY - WITHDRAWN PLD, CONTINUED

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2020 are summarized in the following table:

| Asset Class        | Target Allocation | Long-term Expected<br>Real Rate of Return |
|--------------------|-------------------|---|
| Public Equities    | 30.0%             | 6.0%                                      |
| US government      | 7.5%              | 2.3%                                      |
| Private equity     | 15.0%             | 7.6%                                      |
| Real assets:       |                   |   |
| Real estate        | 10.0%             | 5.2%                                      |
| Infrastructure     | 10.0%             | 5.3%                                      |
| Natural resources  | 5.0%              | 5.0%                                      |
| Traditional credit | 7.5%              | 3.0%                                      |
| Alternative credit | 5.0%              | 7.2%                                      |
| Diversifiers       | 10.0%             | 5.9%                                      |
|                    |                   |   |

**Discount Rate** - The discount rate used to measure the total pension liability was 6.75% for the withdrawn PLD. The projection of cash flows used to determine the discount rates assumed that employee contributions will be made at the current contribution rate and that contributions from participating local districts will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liabilities.

Sensitivity of the Town's proportionate Share of the Net Pension Liabilities to Changes in the Discount Rate - The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 6.75% the withdrawn PLD, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1 percentage-point higher (7.75%) than the current rate:

|                       | 1%             | Current        | 1%             |
|-----------------------|----------------|----------------|----------------|
|                       | Decrease       | Discount Rate  | Increase       |
|                       | <u>(5.75%)</u> | <u>(6.75%)</u> | <u>(7.75%)</u> |
| Net pension liability | \$1,186,709    | 686,477        | 226,966        |

Payables to the Pension Plan - None as of June 30, 2021.

OTHER POST EMPLOYMENT BENEFITS – HEALTH INSURANCE, TOWN

#### General Information about the OPEB Plan

**Plan Descriptions** - The Town sponsors post-retirement benefit plans providing health insurance to retiring employees (hereafter referred to as the Health Plan). The plan is a single-employer defined benefit OPEB plans administered by the Maine Municipal Employees Health Trust (MMEHT). The Town Council and the Maine State Legislature have the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

#### OTHER POST EMPLOYMENT BENEFITS - HEALTH INSURANCE, TOWN, CONTINUED

**Benefits Provided** - The MMEHT Health Plan provides healthcare and life insurance benefits for retirees and their dependents. Town employees over the age of 55 with 5 years of continuous service are allowed to participate in the plan. Retirees that are designated in a plan pay 100% of the single coverage premium and 100% of the family coverage premium. For those Town employees eligible for Medicare (post-65 Retiree Plan), the plan is offered in conjunction with Medicare Parts A and B and the Companion Plan B.

Employees Covered by Benefit Terms – At June 30, 2021, the following employees were covered by the MMEHT Health Plan benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 5  |
|--|----|
| Inactive employee entitled to but not yet receiving benefits     | -  |
| Active employees   | 57 |
| Total  | 62 |

# OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The MMEHT Health Plan total OPEB liability of \$876,121 was measured as of January 1, 2021, and was determined by an actuarial valuation performed on January 1, 2020.

Changes in the Total Health Plan OPEB Liability

|  | Total      |
|--|------------|
|  | OPEB       |
|  | Liability  |
| Balance at June 30, 2020                           | \$ 779,659 |
| Changes for the year:                              |            |
| Service cost                                       | 37,420     |
| Interest   | 22,175     |
| Changes of benefit terms                           | -          |
| Differences between expected and actual experience | -          |
| Changes in assumptions or other inputs             | 52,487     |
| Benefit payments                                   | (15,620)   |
| Net changes  | 96,462     |
|  |            |
| Balance at June 30, 2021                           | \$ 876,121 |

Change in assumptions reflects a change in the discount rate from 2.74% to 2.12%.

For the year ended June 30, 2021, The Town recognized OPEB expense of \$50,198 related to the MMEHT Health Plan.

#### OTHER POST EMPLOYMENT BENEFITS - HEALTH INSURANCE, TOWN, CONTINUED

At June 30, 2021, The Town reported deferred outflows of resources and deferred inflows of resources related to the MMEHT Health Plan from the following sources:

|   | Deferred<br>Outflows of<br><u>Resources</u> | Deferred<br>Inflows of<br><u>Resources</u> |
|---|---|--|
| Difference between expected and actual experience                       | \$ -  | 142,501                                    |
| Changes in assumptions Contributions subsequent to the measurement date | 14,071<br>8.241                             | -  |
| contributions subsequent to the measurement date                        |   |  |
| <u>Total</u>  | \$ 22,312                                   | <u> 142,501</u>                            |

\$8,241 is reported as deferred outflows of resources related to MMEHT OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2022. Deferred outflows of resources and deferred inflows of resources related to the MMEHT Health Plan will be recognized in OPEB expense as follows:

#### Year ended June 30:

| 2022       | \$ (25,806) |
|------------|-------------|
| 2023       | (25,806)    |
| 2024       | (25,811)    |
| 2025       | (35,793)    |
| 2026       | (22,713)    |
| Thereafter | 7.499       |

**Actuarial Assumptions – MMEHT Health Plan** - The total OPEB liability in the January 1, 2020 actuarial valuation for the Health Plan was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation                                    | 2.00% per annum                             |
|--|---|
| Salary increases                             | 2.75% per annum                             |
| Discount rate                                | 2.12% per annum                             |
| Healthcare cost trend rates – Non-Medicare   | 8.50 for 2020, grading to 3.28% for 2040    |
| Health cost trend rates – Medicare           | 8.55% for 2020, grading to 3.28% for 2040   |
| Retirees' share of the benefit related costs | 100% of projected health insurance premiums |

Mortality rates for the Health Plans were based on the RP2014 Total Dataset Healthy Annuitant Mortality Table, for males and females.

The actuarial assumptions used in the January 1, 2020 valuation for the Health Plans were based on the results of an actuarial experience study for the period June 30, 2012 through June 30, 2015.

**Discount Rate** - The rate used to measure the total OPEB liability for the MMEHT Health Plan was 2.12%. The discount rate was based upon high quality AA/Aa or higher bond yields in effect for 20 years, tax-exempt general obligation municipal bonds using the Bond Buyer 20-Bond GO Index.

#### OTHER POST EMPLOYMENT BENEFITS - HEALTH INSURANCE, TOWN, CONTINUED

Sensitivity of the OPEB Liability to Changes in the Discount Rates - The following presents the Town's net OPEB liability related to the Health Plan calculated using the discount rate, as well as what the Town's OPEB liability would be if it was calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current rate:

|  | 1%              | Discount | 1%              |
|--|-----------------|----------|-----------------|
|  | <u>Decrease</u> | Rate     | <u>Increase</u> |
| MMEHT Health Plan OPEB (1.12% - 3.12%) | \$ 1,018,974    | 876,121  | 759,979         |

Sensitivity of the Total Health Plan OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following presents the Town's total OPEB liability related to the Health Plan calculated using the current healthcare cost trend rates, as well as what the Town's total OPEB liabilities would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher than the current healthcare cost trend rates:

|                        | 1%              | Healthcare Cost | 1%              |
|------------------------|-----------------|-----------------|-----------------|
|                        | <u>Decrease</u> | Rates           | <u>Increase</u> |
| MMEHT Health Plan OPEB | \$ 748,789      | 876,121         | 1,036,405       |

#### OTHER POST EMPLOYMENT BENEFITS - HEALTH INSURANCE, SCHOOL DEPARTMENT

#### General Information about the OPEB Plans

**Plan Descriptions** - The Town sponsors post-retirement benefit plans providing health insurance to retiring employees (hereafter referred to as the Health Plan). The plan is a single-employer defined benefit OPEB plan administered by the Maine Education Association Benefits Trust (MEABT). The School Board and the Maine State Legislature have the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.

**Benefits Provided** – The MEABT Health Plan provides healthcare insurance benefits for retirees and their dependents. The employee must have participated in the MEABT health plan for the 12 months prior to retirement and have 10 years of continuous active service and enrollment in the health plan (under age 50), or 5 years of continuous active service and enrollment in the health plan (age 50 or above), in order to be eligible for postretirement benefits. The retiree is eligible for a State subsidy of 45% of the blended single premium for the retiree only. Under State laws, the blended premium is determined by blending rates for active members and retired members. The retiree pays 55% of the blended premium rate for coverage selected. Spouses must contribute 100% of the blended premium amounts. Thus, the total premium is paid for by both the State and the retiree and or spouse.

Employees Covered by Benefit Terms – At June 30, 2021, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 92  |
|--|-----|
| Inactive employee entitled to but not yet receiving benefits     | -   |
| Active employees   | 235 |
| Total  | 327 |

# OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The MEABT Health Plan total OPEB liability of \$4,432,412 was measured as of June 30, 2020, and was determined by an actuarial valuation as of the same date.

#### Changes in the Total OPEB Liability

Balance at June 30, 2021

| Balance at June 30, 2020                           | \$ 4,016,916 |
|--|--------------|
| Changes for the year:                              |              |
| Service cost                                       | 46,578       |
| Interest   | 139,517      |
| Changes of benefit terms                           | (490,092)    |
| Differences between expected and actual experience | (174,385)    |
| Changes in assumptions or other inputs             | 1,049,802    |
| Benefit payments                                   | (155,924)    |
| Net changes  | 415,496      |
|  |              |

Change in assumptions reflects a change in the discount rate from 3.50% to 2.21%. In addition, changes of benefit terms reflect the change in the Medicare Companion plan to a Medicare Advantage plan.

\$ 4,432,412

For the year ended June 30, 2021, The Town recognized OPEB gain of \$171,065 related to the MEABT Health Plan.

At June 30, 2021, The Town reported deferred outflows of resources and deferred inflows of resources related to the MEABT Health Plan from the following sources:

|   | Deferred         | Deferred         |
|---|------------------|------------------|
|   | Outflows of      | Inflows of       |
|   | <u>Resources</u> | <u>Resources</u> |
| Changes in assumptions                            | \$ 959,121       | -                |
| Difference between expected and actual experience | -                | 149,473          |
| Contributions subsequent to the measurement date  | 121,828          |                  |
|   |                  |                  |
| Total   | \$ 1,080,949     | 149,473          |

\$121,828 is reported as deferred outflows of resources related to MEABT OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

#### OTHER POST EMPLOYMENT BENEFITS - HEALTH INSURANCE, SCHOOL DEPARTMENT, CONTINUED

| Year ended June 30: |            |
|---------------------|------------|
| 2022                | \$ 132,932 |
| 2023                | 132,932    |
| 2024                | 132,930    |
| 2025                | 160,737    |
| 2026                | 125,060    |
| Thereafter          | 125,057    |

**Actuarial Assumptions** - The total OPEB liability in the June 30, 2020 actuarial valuation for the total OPEB liability was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation                                    | 2.00%  |
|--|--|
| Salary increases                             | 2.75% per annum                                      |
| Discount rate                                | 2.21% per annum                                      |
| Healthcare cost trend rates - Pre-Medicare   | 6.21% for 2020 grading over 18 years to 3.25%        |
| Healthcare cost trend rates - Medicare       | 0.00% for 2020 grading over 18 years to 3.25%        |
| Retirees' share of the benefit related costs | 55% of the blended premium rate with a State subsidy |
|  | for the remaining 45% of the blended premium rate    |

Mortality rates for the Health Plans were based on the 2010 Public Plan Teacher Benefits Weighted Healthy Retiree Mortality Table with adjustments.

The actuarial assumptions used in the January 1, 2020 valuation for the Health Plans were based on the results of an actuarial experience study for the period June 30, 2015 through June 30, 2020.

**Discount Rate** - The rate used to measure the total OPEB liability for the MEABT Health Plan was 2.21% per annum. Since the plan is pay as you go and is not funded, the discount rate was based upon high quality AA/Aa or higher bond yields in effect for 20 years, tax-exempt general obligation municipal bonds using the Bond Buyer 20-Bond GO Index.

Sensitivity of the OPEB Liability to Changes in the Discount Rates - The following presents the Town's net OPEB liability related to the Health Plan calculated using the discount rate, as well as what the Town's OPEB liability would be if it was calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current rate:

|  | 1%              | Discount    | 1%              |
|--|-----------------|-------------|-----------------|
|  | <u>Decrease</u> | <u>Rate</u> | <u>Increase</u> |
| MEABT Health Plan OPEB (1.21% - 3.21%) | \$ 5,225,144    | 4,432,412   | 3,796,609       |

Sensitivity of the Total Health Plan OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following presents the Town's total OPEB liability related to the Health Plan calculated using the current healthcare cost trend rates, as well as what the Town's total OPEB liability would be if it was calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher than the current healthcare cost trend rates:

|                        | Healthcare Cost |             |             |
|------------------------|-----------------|-------------|-------------|
|                        | 1% Decrease     | Trend Rates | 1% Increase |
| MEABT Health Plan OPEB | \$ 3,737,923    | 4,432,412   | 5,319,278   |

#### OTHER POST EMPLOYMENT BENEFITS - GROUP TERM LIFE INSURANCE

#### General Information about the OPEB Plans

Plan Descriptions - The Town sponsors three post-retirement benefit plans providing group term life insurance to retiring teachers, police department employees, and other town employees (hereafter referred to as the GTL Plans). The plans are cost-sharing multiple-employer defined benefit OPEB plans administered by the Maine Public Employees Retirement System (MPERS). The MPERS Board of Trustees has the authority to establish and amend the benefit terms and financing requirements. MPERS issues a publicly available financial report that is available at <a href="https://www.mainepers.org">www.mainepers.org</a>.

**Benefits Provided** - Under the GTL Plans, MPERS provides basic group life insurance benefits, during retirement, to retirees who participated in the plans prior to retirement for a minimum of 10 years. The level of coverage is initially set to an amount equal to the retirees' average final compensation. The initial amount of basic life is then subsequently reduced at the rate of 15% per year to the greater of 40% of the initial amount or \$2,500.

**Contributions** - Premium rates are determined for both the PLD and SET plans by the MPERS Board of Trustees to be actuarially sufficient to pay anticipated claims.

PLD OPEB Plans - The Town is required to remit a premium of \$0.46 per \$1,000 of coverage per month during the post-employment retirement period. Contributions to the PLD OPEB plan from the Town were \$11,243 for the regular plan and \$1,728 for the police plan for the year ended June 30, 2021. Employees are not required to contribute to the PLD OPEB plan.

SET OPEB Plan - The State of Maine is required to remit the total dollar amount of each year's annual required contribution. Contributions to the OPEB plan by the State of Maine on-behalf of the Town were \$62,118 for the year ended June 30, 2021. Employers and employees are not required to contribute to the SET OPEB plan.

# OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liabilities for the GTL plans were measured as of June 30, 2020 and the total OPEB liabilities used to calculate the net OPEB liabilities were determined by an actuarial valuation as of that date. The Town's proportion of the net OPEB liabilities was based on a projection of the Town's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined.

PLD OPEB Plan - At June 30, 2021, the Town reported a liability of \$131,608 for its proportionate share of the net OPEB liability. At June 30, 2020 the Town's proportion was 0.9976%.

PLD Police OPEB Plan - At June 30, 2021, the Town reported a liability of \$20,228 for its proportionate share of the net OPEB liability. At June 30, 2020, the Town's proportion was 0.1533%.

SET OPEB Plan - At June 30, 2021, the Town reported no liability related to the plan. The State of Maine's proportionate share of the net OPEB liability associated with the Town was \$553,215 as of June 30, 2021. At June 30, 2020, the Town's proportion was 0.00%.

#### OTHER POST EMPLOYMENT BENEFITS - GROUP TERM LIFE INSURANCE, CONTINUED

For the year ended June 30, 2021, The Town recognized OPEB gain of \$18,891 and expense of \$2,543 related to related to the GTL Consolidated PLD and Consolidated PLD – Police, respectively. For the year ended June 30, 2021, the Town recognized OPEB expense and revenue of \$62,118 for support provided by the State related to the SET OPEB plan. At June 30, 2021, the Town reported no deferred outflows resources nor deferred inflows of resources related to the SET OPEB plan.

At June 30, 2021, The Town reported deferred outflows of resources and deferred inflows of resources related to the GTL Consolidated PLD plan and Consolidated Police PLD Plan from the following sources:

|  | <u>PLD</u>   | <u>Plan</u>  | <u>Police P</u> | <u>LD Plan</u> |
|--|--------------|--------------|-----------------|----------------|
|  | Deferred     | Deferred     | Deferred        | Deferred       |
|  | Outflows     | Inflows      | Outflows        | Inflows        |
|  | of Resources | of Resources | of Resources    | of Resources   |
| Differences between expected and                             |              |              |                 |                |
| actual experience  | \$ 16,248    | -            | 2,497           | -              |
| Changes of assumptions                                       | -            | 80,092       | -               | 12,310         |
| Net difference between projected and actual earnings on OPEB |              |              |                 |                |
| plan investments   | -            | 3,287        | -               | 505            |
| Changes in proportion and differences                        |              |              |                 |                |
| between Town contributions                                   | -            | 22,380       | 10,182          | -              |
| and proportionate share of contributions                     |              |              |                 |                |
| Town contributions subsequent to the                         |              |              |                 |                |
| measurement date   | 11,243       | -            | 1,728           |                |
| Total  | \$ 27,491    | 105,759      | 14,407          | 12,815         |

The amounts \$11,243 and \$1,728 are reported as deferred outflows of resources related to the Consolidated PLD OPEB plans resulting from Town contributions subsequent to the measurement date and will be recognized as a reduction of the OPEB liability in the year ended June 30, 2022. Deferred outflows of resources and deferred inflows of resources related to the PLD OPEB plans will be recognized in OPEB expense as follows:

|                     |            | Police   |
|---------------------|------------|----------|
| Year ended June 30: | PLD Plan   | PLD Plan |
| 2022                | \$(24,782) | (340)    |
| 2023                | (22,785)   | (33)     |
| 2024                | (11,219)   | 1,253    |
| 2025                | (14,756)   | 109      |
| 2026                | (15,969)   | (1,125)  |
|                     |            |          |

**Actuarial Assumptions and Other Inputs** - The total OPEB liability in the June 30, 2020 actuarial valuations for both the PLD and SET OPEB plans was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

|                           | PLD OPEB Plans | SET OPEB Plan  |
|---------------------------|----------------|----------------|
| Inflation                 | 2.75%          | 2.75%          |
| Salary increases          | 2.75% - 9.00%  | 2.75% - 14.50% |
| Investment rate of return | 6.75%          | 6.75%          |

#### OTHER POST EMPLOYMENT BENEFITS - GROUP TERM LIFE INSURANCE, CONTINUED

Mortality rates for both the PLD and SET OPEB plans were based on the RP2014 Total Dataset Healthy Annuitant Mortality Table, for males and females.

The actuarial assumptions used in the June 30, 2020 valuations for both the PLD and SET OPEB plans were based on the results of an actuarial experience study conducted for the period June 30, 2012 to June 30, 2015.

The long-term expected rate of return on both the PLD and SET OPEB plan investments was determined using a building-block method which best estimates ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major class of assets. These ranges are combined to produce long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

|                  | Long-term              |
|------------------|------------------------|
|                  | Expected Real Rate     |
| arget Allocation | of Return              |
| 70.0%            | 6.0%                   |
| 5.0%             | 5.2%                   |
| 15.0%            | 3.0%                   |
| 10.0%            | 2.3%                   |
|                  | 70.0%<br>5.0%<br>15.0% |

**Discount Rate** - The rate used to measure the net OPEB liability for the PLD OPEB plans and the SET OPEB plan was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at contractually required rates, actuarially determined. Based on this assumption, the OPEB plans fiduciary net position was projected to be available to make all projected OPEB payments for current and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the OPEB Liabilities to Changes in the Discount Rates - The following presents the Town's net OPEB liabilities related to the GTL plans calculated using the discount rate, as well as what the Town's OPEB liabilities would be if they were calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current rate:

|   | 1%              | Discount    | 1%              |
|---|-----------------|-------------|-----------------|
|   | <u>Decrease</u> | <u>Rate</u> | <u>Increase</u> |
| GTL Consolidated PLD (5.75% - 7.75%)          | \$ 177,251      | 131,608     | 94,922          |
| GTL Consolidated PLD – Police (5.75% - 7.75%) | 27,243          | 20,228      | 14,589          |

**OPEB Plan Fiduciary Net Position** - Detailed information about the GTL plans' fiduciary net position is available in a separately issued MPERS financial report.

#### RETIREMENT PLANS

#### **Defined Contribution Plan**

The Town offers its regular employees and certain school employees not participating in the Maine Public Employees Retirement System a defined contribution money purchase plan created in accordance with Internal Revenue Code Section 401(a). In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate and are vested from the date of employment.

The Town matches the employees' contribution to the plan up to 7% of compensation for the plan year. For the year ended June 30, 2021, the Town and School's contributions to the plan totaled \$259,723.

#### **Deferred Compensation Plan**

The Town of Cape Elizabeth offers all its employees not participating in Maine Public Employees Retirement System a deferred compensation plan created in accordance with Internal Revenue Code (IRC) Section 457. The plan permits participating employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Assets of the plan are placed in trust for the exclusive benefit of participants and their beneficiaries. Accordingly, the assets and the liability for the compensation deferred by plan participants, including earnings on plan assets are not included in the Town's financial statements.

#### Other

Additionally, the Town participates in the Social Security Retirement Program. The Town's contribution to Social Security (including Medicare) was approximately \$812,578 for the year ended June 30, 2021.

#### SUBSEQUENT EVENTS

In October 2021, the Town Council approved a lease purchase agreement through J.P. Morgan of \$1,109,000 at an interest rate not to exceed 1.75% and a term of no more than five years. The agreement will finance several projects and the purchases of various Public Works and Public Safety equipment and vehicles. The transaction closed on October 30, 2021 with an interest rate of 1.34%.

#### PRIOR PERIOD ADJUSTMENTS AND NEW PRONOUNCEMENT

For the fiscal year ended June 30, 2021, the Town has elected to implement Statement No. 84 of the Government Accounting Standards Board – *Fiduciary Activities*. As a result of implementing GASB Statement No. 84, the School Unit has restated beginning net position of the governmental activities and beginning fund balance in the Nonmajor governmental funds to account for certain activities that were previously reported as fiduciary funds. Net position and fund balance were increased as of July 1, 2020 by \$253,015 related to student activity funds.

# COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS

#### **GENERAL FUND**

The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. Most governmental services are provided by the General Fund including general government, public works, public safety, education, recreation, health and welfare, and assessments from other governmental agencies.
