

Trout Brook Watershed

Trout Brook is located in the City of South Portland and Town of Cape Elizabeth, Maine. The Trout Brook watershed encompasses approximately 1.02 square miles in South Portland and approximately 1.64 square miles in Cape Elizabeth. At its headwaters in Cape Elizabeth, it is a Class B fresh water stream up to the South Portland city line where it then becomes a Class C fresh water stream. It then flows into the tidal waters of Mill Cove, the Fore River and ultimately Casco Bay.
