## What's Happening?

•**Gull Crest Outer Loop Trail Improvements – CALLING ALL VOLUNTEERS!!!!** We are at it again,

replacing boards on the Gull Crest Outer Loop Trail and we need help moving 75 boards into place. Lumber has been piled in 2 locations at Gull Crest and it needs to be placed next to boards ready for replacement that have been marked with orange paint. The **North** section lumber pile is located on the hill adjacent to the Spurwink Marsh. The **South** section lumber pile is located past the community garden at the edge of the meadow. If this sounds like something that would be more fun to do as a group, the Cape Elizabeth Cross Country Team will be moving lumber **Saturday, September 28<sup>th</sup>, from 9:00 – 11:00 am.**

As soon as the lumber is in place, installing new boards will begin. If you are interested in helping, please grab a board on your next

walk. Also, when using the Outer Loop Trail, use caution until repairs are complete. Contact the town planner, [Maureen.omeara@capeelizabeth.org](mailto:Maureen.omeara@capeelizabeth.org) for more information.

Boards on the Outer Loop Trail marked with orange paint and ready for replacement boards.

## Multi-user Mantras

• **Dogs on Trails.** Fall is one of the nicest times to get out on the trails, especially with our furry friends, and our dogs. Just a few reminders when **on municipal property**, so that everyone will have a good time, dogs should remain on leash in parking lots. Dogs should always be under control, either by sight and voice or by leash to promote the safety and comfort of all trail users. Even when your dog is off-leash, you must carry a leash. The “responsible party,” which is anyone in possession or custody of a dog, should have no more than 3 dogs off leash. When in possession of more than 3 dogs, all dogs must be on leash. For more information about managing your dog on municipal property, please consult the Dog Ordinance, Chapter 7, on the town website, [www.capeelizabeth.org](http://www.capeelizabeth.org).
