Dear Town Center Property Owner

Re: Town Center Sidewalk Improvements

The Town has contracted with the firm of Glidden Construction & Paving to construct a new segment of sidewalk in the Town Center Zoning District on Ocean House Road. The new sidewalk will start at the northerly entrance to Cumberland Farms and extend to the entrance to the Methodist Church. It will be a concrete sidewalk with a grass esplanade and street lighting.

The contractor plans to start the project in July and should be completed by the end of August. Prior to the commencement of the project; work zone signage will be installed and materials will be staged on site. The work may involve occasional traffic delays as heavy equipment is operated on the project.

Questions related to any aspect of the project can be directed to myself or Stephen D. Harding, Town Engineer, P.E. in my absence. Steve's office number is 749-3517 and his email address is [sharding@sebagotechnics.com](mailto:sharding@sebagotechnics.com)

Sincerely,

Robert C. Malley  
Director of Public Works
