Dear Neighbor,

The Cape Elizabeth School Building Advisory Committee (SBAC) extends a warm invitation to all residents for an important Public Forum on February 1, 2024, at 6 PM, to be held at Town Hall.

At the forum, Harriman architects will present seven conceptual design options for our schools. Following the presentation, we will hold an open community feedback session. Your participation is not just welcomed, it's essential. The insights and perspectives you provide are invaluable to the decision-making process that affects our students, educators, and the public at-large.

Remember, the February 1st forum is a critical platform for all voices to be heard, shaping a collaborative vision for our schools' future. Whether you're a parent, teacher, student, or a concerned resident, your voice matters in creating educational spaces that inspire and support our children's growth and learning.

We look forward to seeing you there on February 1st.

Warm regards,

The Cape Elizabeth School Building Advisory Committee
