

If we planned a town...

Cape Elizabeth is beginning to update its comprehensive plan with an eye towards 2030 and we need your voice. Over the next year we will be working our way through lots of data and discussion about where we stand today and what the future might hold for our community. We want to create a guiding document that helps the town move forward together into the future.

Some of the questions we will ask are:

- What do you love about Cape Elizabeth?
- What do you wish were different?
- Where are your favorite places?
