Jane Golding, Special Education Director
Cape Elizabeth Public Schools
320 Ocean House Rd.
Cape Elizabeth, ME 04107

Dear Jane Golding:

The Maine Department of Education's programmatic and fiscal monitoring are based on requirements in the Individuals with Disabilities Act (IDEA) and its implementing regulations, on any additional guidance provided by the U.S. Department of Education's Office of Special Education Programs (OSEP), and on requirements of Maine regulations, specifically Chapter 101.

Thank you for your participation in the Department's special education monitoring program for the school year 2014-15. Your commitment has resulted in successful completion of your Corrective Action Plan for this monitoring year. Please share my commendation with your dedicated staff.

Sincerely,

Janice E. Breton
Director of Special Services
